

Marking Options & Accessories

Standard Marking

Markings are applied directly to the sides of A0, CB0, A1, CB11, A2, LP2, CB2, A3, LP3, CB3, A38, B38, A&B4. Standard characters are white and 1/8" high. Factory may substitute 3/32" high characters.

Blocks to be marked on both sides require a different code for each side. Example: "L1" on one side of the block requires "L2" on the other side to ensure common terminal marking. Specify by adding suffix to part number.

Special Marking

Special markings are available upon request at an additional charge for preparation. Production charges for setup, handling and marking are the same as for standard marking and the same quantity discounts apply. Consult factory for price and delivery.
