

**HD74LS83A** 4-bit Binary Full Adder (with Fast Carry)

> REJ03D0420-0200 Rev.2.00 Feb.18.2005

This improved full adder performs the addition of two 4-bit binary numbers. The sum ( $\Sigma$ ) outputs are provided for each bit and the resultant carry (C4) is obtained from the fourth bit. This adder features full internal look ahead across all four bit generating the carry term in ten nanoseconds typically. This provides the system designer with partial look-ahead performance at the economy and reduced package count of a ripple-carry implementation.

#### Features

• Ordering Information

Part Name	Package Type	Package Code (Previous Code)	Package Abbreviation	Taping Abbreviation (Quantity)		
HD74LS83AP	DILP-16 pin	PRDP0016AE-B (DP-16FV)	Ρ	—		

Note: Please consult the sales office for the above package availability.

#### **Pin Arrangement**

## **Function Table**

				Output									
	Inp	out		When C <sub>0</sub> =	:L		When $C_0 = H$						
					W	hen C <sub>2</sub> = L	When C <sub>2</sub> = H						
<b>A</b> <sub>1</sub>	B <sub>1</sub>	A <sub>2</sub>	B <sub>2</sub>	Σ <sub>1</sub>	Σ <sub>2</sub>	<b>C</b> <sub>2</sub>	Σ1	Σ <sub>2</sub>	<b>C</b> <sub>2</sub>				
A <sub>3</sub>	<b>B</b> <sub>3</sub>	A4	<b>B</b> 4	Σ3	Σ4	<b>C</b> 4	Σ3	Σ4	<b>C</b> 4				
L	L	L	L	L	L	L	Н	L	L				
Н	L	L	L	Н	L	L	L	Н	L				
L	Н	L	L	Н	L	L	L	Н	L

L	Н	L	Н	Н	Н	L	L	L	Н				
Н	Н	L	Н	L	L	Н	Н	L	Н				
L	L	Н	Н	L	L	Н	Н	L	Н				
Н	L	Н	Н	Н	L	Н	L	Н	Н				
L	Н	Н	Н	Н	L	Н	L	Н	Н				
Н	Н	Н	Н	L	Н	Н	Н	Н	Н				

H; high level, L; low level, X; irrelevant

Note: Input conditions at A<sub>1</sub>, B<sub>1</sub>, A<sub>2</sub>, B<sub>2</sub>, and C<sub>0</sub> are used to determine outputs  $\Sigma_1$  and  $\Sigma_2$  and the value of the internal carry C<sub>2</sub>. The value at C<sub>2</sub>, A<sub>3</sub>, B<sub>3</sub>, A<sub>4</sub>, and B<sub>4</sub> are than used to determine outputs  $\Sigma_3$ ,  $\Sigma_4$  and C<sub>4</sub>.

Keep safety first in your circuit designs! 1. Renesas Technology Corp. puts the maximum effort into making semiconductor products better and more reliable, but there is always the possibility that trouble may occur with them. Trouble with semiconductors may lead to personal injury, fire or property damage. Remember to give due consideration to safety when making your circuit designs, with appropriate measures such as (i) placement of substitutive, auxiliary circuits, (ii) use of nonflammable material or (iii) prevention against any malfunction or mishap.

#### Notes regarding these materials

- Notes regarding these materials
  1. These materials are intended as a reference to assist our customers in the selection of the Renesas Technology Corp. product best suited to the customer's application; they do not convey any license under any intellectual property rights, or any other rights, belonging to Renesas Technology Corp. ar a third party.
  2. Renesas Technology Corp. assumes no responsibility for any damage, or infringement of any third-party's rights, originating in the use of any product data, diagrams, charts, programs, algorithms, or circuit application examples contained in these materials.
  3. All information contained in these materials, including product data, diagrams, charts, programs and algorithms represents information on products at the time of publication of these materials, and are subject to change by Renesas Technology Corp. without notice due to product improvements or other reasons. It is therefore recommended that customers contact Renesas Technology Corp. or an authorized Renesas Technology Corp. product distributor for the latest product information before purchasing a product listed herein.
  The information described here may contain technical inaccuracies or typographical errors. Renesas Technology Corp. assumes no responsibility for any damage, liability, or other loss rising from these inaccuracies or errors. Please also pay attention to information before making a final decision on the applicability of the information and products. Renesas Technology Corp. Semiconductor home page (http://www.renesas.com).
  4. When using any or all of the information contained in these materials, including product data, diagrams, charts, programs, and algorithms, please be sure to evaluate all information actual system before making a final decision on the applicability of the information and products. Renesas Technology Corp. assumes no responsibility for any damage or manufactured for use in a device or system that is used under circumstanc

- use. 6. The prior written approval of Renesas Technology Corp. is necessary to reprint or reproduce in whole or in part these materials. 7. If these products or technologies are subject to the Japanese export control restrictions, they must be exported under a license from the Japanese government and cannot be imported into a country other than the approved destination. Any diversion or reexport contrary to the export control laws and regulations of Japan and/or the country of destination is prohibited. 8. Please contact Renesas Technology Corp. for further details on these materials or the products contained therein.
