

MD-PS002 Series Air Pressure Sensor

Model Number	MD-PS002 Series
Pressure Range	15psi; 100psi (Absolute pressure)
Size	6.8*6.8*4.6mm
Overload Capacity	2times
Working Voltage	5VDC or constant current 1mA (classic)
Output	mV
Accuracy	±0.2%FS
Operating Temperature	-40...+125°C
Pressure Medium	Non-corrosive Gas
Application	Weather Forecast; Altimeter; Pressure Gauge; Pneumatic Control Equipment

Note:

- 1, If our parameters are different from yours, and we will customize according to your requirements;**
- 2, We can offer you any quantity for sample.**
