

SC600 Dual Adapter Box

The all-in-one adapter every audio professional should have in their toolbox. The SC600 combines many of the most commonly used and easily lost adapters into one device (14 total). Each side of the box functions separately and can be used as a universal adapter or as a passive splitter.

700 Series A/V Direct Box

The perfect direct box for a wide variety of applications. The 700 Series converts the outputs of equipment such as MP3 players, laptops and DJ mixers to balanced, mic level signals that can be connected to audio consoles, mic preamps and house sound systems. All stereo inputs on the 700 Series are summed to mono and output to a single 3-Pin XLR connector.

702 Series Stereo A/V Direct Box

Similar to the 700 Series, the 702 Series converts the outputs of equipment such as MP3 players, laptops and DJ mixers to balanced, mic level signals that can be connected to audio consoles, mic preamps and house sound systems. All stereo inputs are maintained and output to two 3-Pin XLR connectors. A merge switch sums the stereo inputs to mono and outputs two identical mono audio signal to each XLR output.

800 Series Instrument Direct Box

A premium grade direct box for musical instruments. The 800 Series converts the unbalanced outputs of guitars, keyboards and other instruments to balanced, mic level signals that can be connected to audio consoles and mic preamps. Dual ¼ inch thruputs, a feature not available on any other direct box, enables connection to multiple devices such as an amp and a tuner, two amps and much more.

900 Series Instrument Direct Box with Phantom Lift

The new standard for live sound! The 900 Series incorporates a revolutionary new innovation in DI technology...Phantom Lift. For the first time, the ground lift switch can be controlled remotely using +48V phantom power from the console. The 900 Series is ideal for a wide variety of musical instruments, providing unmatched performance and a truly uncolored audio output.
